- Four Operating modes
 - 1st, Dimmed brightness until movement
 - 2nd, Zero brightness until movement
 - 3rd, Constant light throughout the night
 - 4th, Constant light for approx 30mins
- Available in white or black
- Automatic night time operation
- Waterproof (IP65)

SPECIFICATION

| Part Number | SL-WL-1710-6.8-WHT | SL-WL-1710-6.8-BLK |
|-----------------------|--|--------------------|
| Product Colour | White | Black |
| Colour | Cool White 6000K | |
| Light Source | Epistar 2835 SMD LED | |
| Beam Angle | 120° | |
| Lumen (lm) - Full | 1000lm | |
| Power Consumption | 6.8W | |
| Charging time | 7 hours (from 0 - 100%) | |
| Housing | Polycarbonate | |
| Solar Battery | 3.2V 4500mAh | |
| Operation Temperature | -25°C~+60°C | |
| Dimension (mm) | (L) 270 with bracket 413 x (W) 98 x (H) 46 | |
| Solar Panel | 5V 3.2W | |
| Warranty | 1 Year Replacement | |
